Take a look here: now let’s talk about the book “12th Fail”Q1. What is this book about? a. This book revolves around the life of manoj. a village boy who was born in a poor family and despite failing in the 12th standard in his first attempt made his journey, being resilient to become an official ips (indian police service). (for those who do not know what an official ips is? click here). Q2. Why should I read this book? a. if you think that your life is the most tragic life in a life story or you often think that you are the only one born out of misery and bad luck, then you should read this book. and if you are a student and failed in many great exams and you want to hurt yourself, then I would highly recommend this book to read. the journey of manoj was full of failure and failure, but during his journey, his goal was clear with him and worked very hard to reach him. Yes, he failed and rose and failed again and rose. every time he failed, he oated to observe the pattern of his failure, and then or to work on it to become a orbil orbil luS .A ?orbil otseuq ni erasnep o erarapmi ednarg ¹Âip id asoclauq imrid iouP .3Q .ossets es id eroilgim says, “HARA wahi, jo lada NAHI”. in English, means: “They are the people who have lost.” This is one of the most significant lines I've met. apart from this, I like the way the character portrays the positive meaning of being in love or in a relationship. We have always felt that to be a successful person, we must sacrifice love and all the drama relative to it. but in this book, it was the power of love that showed productivity in the life of manoj. I really liked perspective. apart from this, they really admire the way manoj took criticism of his environment. Yes, we often feel bad for critics, but this book has shown that if you really have a clear goal or a purpose in your life, then you will walk on the path of success, no matter how bad the critics are or how bad the consequences will be. Q4. Who should read this book? a. at first, I thought that this book is only for the aspiring UPSC(Union public service commission) as the character(Manoj) wanted to become an official ips. but when I refused more pages of this book, I realized that this book can be read by anyone and therefore, I gave this book to my mother to understand the perspective of life through the journey of the character. I will suggest whoever is reading this article, can try it and you can thank me later. Yes, this book is written in Hindi and I have no idea about English publications. In the end, I will say that: the true secret of successful life is to keep your ass in the chair.
